'The Word Became Flesh and Dwelt Among Us'

(John 1:14)

Christmas means different things to different people. For some its family time, for others a helpful break from the gloom of winter. For those associated with churches its about God becoming a human being, but in a world of terrible things:

What difference does that make to the world?

Why should it make any difference to us individually?

Is it relevant at all?

Particularly through our Christmas Night and Day services we will explore these questions, but there is always more to say! Perhaps then, if you are curious, you might like to join us in the New Year at our Start Course where we will talk about the big questions of life. The course will begin on Thursday 15th of February and continue on the following five Wednesdays. They will meet at 7pm in the Potton Community Centre (Brook End) for a meal before starting at 7.30pm. If you are interested in making a 'start' on these and other questions then please get in contact with us (details on p3. We would love to see you there.
